The Hector Fellow Academy

The Hector Fellow Academy is a young academy of sciences that fosters interdisciplinary research in STEM-subjects, medicine, and psychology.

The Academy supports promising young scientists from all over the world with funded PhD positions.

Benefits

- Realize a **self-developed research idea** OR apply for an **advertised position** of a Hector Fellow
- Mentoring by an **internationally renowned, top-level scientist**
- **Funded position** as research assistant (depending upon DFG regulation) plus **research funds**
- Membership in an **excellent research network**
- Additional **management courses**, trainings & networking events

Requirements

- **An innovative PhD project idea** in the research field of one of the Hector Fellows OR the motivation to carry out a PhD project **advertised by a Hector Fellow**
- An **excellent master's degree**
- Very good **English language skills**
